DIGITAL LITERACY FOR STUDENTS

What is Digital Literacy.

Digital Literacy means the ability to use digital devices, internet, and online platforms effectively and safely. It helps students learn, communicate, and grow in the digital world.

Useful Digital Tools

- **Google Docs:** Collaborative document creation and editing in real-time.
- **Canva:** User-friendly graphic design tool for presentations, posters, and social media.
- **GitHub:** Platform for version control and collaboration on software development projects.
- **Zoom/Google Meet:** Video conferencing tools for virtual classes, meetings, and teamwork.

Safe Internet Practices

- **Strong Passwords:** Use unique, complex passwords (mix of letters, numbers, symbols) for all accounts.
- **Avoid Sharing OTPS:** Never share One-Time Passwords or verification codes with anyone.
- **Suspicious Links:** Be cautious of links in emails or messages from unknown sources; hover before clicking.
- **Trusted Websites:** Ensure websites have HTTPS and are from reputable sources before entering personal information.

Professional Online Presence

- **Build Your Profile:** Create a complete and accurate profile highlighting education, skills, and experiences.
- **Professional Communication:** Use appropriate language and tone in emails, messages, and online discussions.
- **Clean Profiles:** Regularly review social media for inappropriate content; maintain a positive online presence.
- **Showcase Skills:** Share relevant projects, articles, and achievements to demonstrate expertise.

Learn Smart • Stay Safe • Grow Digital
